Emergency Order

ALASKA DEPARTMENT
OF FISH & GAME

Under Authority of AS 16.05.060

Emergency Order No. 1-RT-D-11-04

Issued at Sitka, Saturday
June 12, 2004

Effective 9:00 A.M. Saturday,
Date: June 12, 2004

Expiration Date: 11:59 P.M. Saturday, June
12, 2004, unless superseded by subsequent
emergency order.

EXPLANATION:

This emergency order allows the use of bait and eliminates the size limit for trout in Swan Lake (Sitka) on Saturday, June 12, 2004.

REGULATION:

Consistent with 5 AAC 47.045 CUTTHROAT TROUT AND RAINBOW TROUT MANAGEMENT PLAN (d), the following provisions are effective:

5 AAC 47.023. Special provisions for seasons, bag, possession, and size limits, and methods and means for the fresh waters of the Southeast Alaska area.

(g) In the Sitka vicinity:

(9) In Swan Lake,

- (1) cutthroat /rainbow trout (in combination): bag and possession limit of 2 fish; no size limit;
- (2) the use of bait is allowed.

JUSTIFICATION:

Regionwide regulations apply in Swan Lake near Sitka. Those regulations include a bag and possession limit for cutthroat/rainbow trout (in combination) of 2 fish; minimum size of 11 inches and maximum size of 22 inches. The use of bait is prohibited under regionwide regulations.

The Alaska Board of Fisheries adopted 5 AAC 47.045. CUTTHROAT AND RAINBOW TROUT MANAGEMENT PLAN to provide additional harvest opportunities for trout in fresh waters near Southeast Alaska communities that fit specific criteria. Under the plan, the department may open, by emergency order, a season and designate one fresh water near a community to allow the use of bait, eliminate the minimum size limit for trout, and establish a bag and possession limit of two fish if that community does not have nearby fresh waters where anglers can fish for trout with bait throughout the year. Sitka fits that definition. The plan also requires that the fresh water must be close to a community that has good road, trail, or boat access to the fresh water; and the fresh water must be landlocked or otherwise inaccessible to sea-run trout. Swan Lake meets those criteria.

Since 1985, the Department has annually stocked up to 300 rainbow trout in Swan Lake to provide additional freshwater fishing opportunity in Sitka. The Sitka Rotary club conducts an annual Junior Trout Derby to introduce young anglers to sport fishing. This emergency order will supersede the regulatory prohibition of bait and size limits during the derby to allow young anglers additional opportunity to catch these stocked fish.
